Terms of Participation

1 Application

All potential exhibitors wishing to take part in the event must express their wish to do so by fully as well as faithfully completing and signing – with a legally binding signature - the "Application" form and submitting it to Messe Muenchen Shanghai Co., Ltd. (facsimile or scanned copies are deemed as legally valid) at the earliest opportunity or at the latest by the application deadline.

The deadline for applications is November 28, 2025.

With the application, exhibitors express to Messe Muenchen Shanghai Co., Ltd. their serious interest in taking part in the event as exhibitors. All exhibits must be described precisely on the application form. Co-exhibitors must be named on the application form for co-exhibitors. The same particulars must be specified as for the exhibitor. Incomplete applications cannot be considered.

When the exhibitor submits the application form, it means that the exhibitor acknowledges and observes the Terms of Participation and Exhibitor Manual. After the exhibitors receive Participation Admission letter (not Acknowledgment letter), it not only means that the exhibitor have been qualified for participating in the show but a "Booth Rental Contract" becomes valid with assigned area and other relevant services. The application form submitted by the exhibitor (including Terms of Participation and Exhibitor Manual), together with the Admission Letter and Exhibitor Manual sent by Messe Muenchen Shanghai Co., Ltd. are indispensable parts of the "Booth Rental Contract", which has legally binding force on both parties.

This application procedure does not apply to organizers of joint stands. They are not exhibitors as defined by the Terms of Participation. Organizers of joint stands have to fill in the application form for joint stands which can be obtained from Messe Muenchen Shanghai Co., Ltd..

2 Permitted exhibits and exhibitors

All domestic and foreign manufacturers or their Chinese subsidiaries, general importers and specialist dealers authorized by the manufacturers are admitted as exhibitors.

Co-exhibitors shall not be admitted, nor additional organizations represented, unless expressly specified in the written notice of admission.

General importers and authorized specialist dealers may only exhibit products whose manufacturers are not represented at Laser World of Photonics China 2026. All exhibits must correspond to the relevant range of exhibits for this trade fair and be designated by name and category on the application form. Articles other than those permitted and registered, as well as used, hired or leased machinery, may not be exhibited. Messe Muenchen Shanghai Co., Ltd. has the final decision and has the right to remove any other exhibits at the exhibitor's risk and expense.

The Terms of Participation as well as the Exhibitor Manual are accepted as legally binding with submission of application documents.

3 Co-exhibitors and additionally represented companies (see Clause 1, 2)

Co-exhibitors must obtain Messe Muenchen Shanghai Co., Ltd.'s written permission to be eligible for the exhibition. The registration fee is RMB 2,000 for each co-exhibitor admitted.

A co-exhibitor is one who presents his own goods or services, using his own staff, at the stand of another exhibitor (the main exhibitor). This definition includes group companies and subsidiaries. Agents and representatives are not admitted as co-exhibitors.

The definition of an additionally represented company is as follows: In the case of an exhibitor who is also a manufacturer, an additionally represented company is any other company whose goods or services are offered by the exhibitor. If an exhibitor who is a distributor wants to display not only the products of one manufacturer but also goods and services of other companies, then these count as additionally represented companies.

Additionally represented companies are not allowed on the stand. The registration fee is RMB 2,000 for each additionally represented company admitted

Admission of the exhibitor does not mean that a contract exists between Messe Muenchen Shanghai Co., Ltd. and the co-exhibitors or other companies he represents. Co-exhibitors are admitted against payment.

The exhibitor must make this payment. The amount can also be invoiced (VAT inclusive) subsequently by Messe Muenchen Shanghai Co., Ltd..

The exhibitor is responsible for ensuring that his co-exhibitors and other companies he represents comply with the Terms of Participation as well as Exhibitor Manual. The exhibitor is liable for the debts and negligence of his co-exhibitors as if they were his own. If co-exhibitors make direct use of Messe Muenchen Shanghai Co., Ltd. services, Messe Muenchen Shanghai Co., Ltd. is entitled to invoice the exhibitor for these services. He is jointly and severally liable. The exhibitor may not move, exchange or share his stand, nor surrender it either in part or in whole to third parties, without Messe Muenchen Shanghai Co., Ltd.'s prior written consent.

4 Participation fees, lien for Floor Space Only

Messe Muenchen Shanghai Co., Ltd. does not accept liability for damage to exhibits and stand fittings detained under this clause, unless Messe Muenchen Shanghai Co., Ltd. is guilty of intent or gross negligence. Upon special application by the exhibitor, the participation fee and/or the payment for the admittance of co-exhibitors can be invoiced to a third party. As prerequisites, the third party must declare acceptance of the obligation or promise to pay the amount owed to Messe Muenchen Shanghai Co., Ltd., and Messe Muenchen Shanghai Co., Ltd. must declare its agreement with such. Should the exhibitor wish to have an invoice rewritten because the name, tax number or address of the recipient of the invoice has changed, the exhibitor is obliged to pay Messe Muenchen Shanghai Co., Ltd. a sum amounting to RMB 450 plus VAT for each change of invoice unless the details in respect of name, legal form or address of the recipient of the invoice were incorrect on the original invoice and Messe Muenchen Shanghai Co., Ltd. was responsible for the incorrect details. The exhibitors should be ultimately responsible for failure of third party.

6 Rental contract

The application of the exhibitor represents the rental contractual offer and means that the exhibitor acknowledges and observes the Terms of Participation and Exhibitor Manual. The admission or rejection will be confirmed to the exhibitor in writing in due time. Admission cannot be transferred.

The rental contract comes into force when Messe Muenchen Shanghai Co., Ltd. has notified the exhibitor in writing that he is admitted.

The application form submitted by the exhibitor (including Terms of Participation and Exhibitor Manual), together with the Admission Letter and Exhibitor Manual sent by Messe Muenchen Shanghai Co., Ltd. are indispensable parts of the "Booth Rental Contract", which has legally binding force on both parties. The exhibitor may not move, exchange or share his stand, nor surrender it either in part or in full to such third parties as are neither co-exhibitors admitted by Messe Muenchen Shanghai Co., Ltd. nor additionally represented companies admitted by Messe Muenchen Shanghai Co., Ltd.. According to this contract, Messe Muenchen Shanghai Co., Ltd. is authorized to assign a stand area to an exhibitor, which might deviate from the information in the application unless these deviations are unacceptable for the exhibitor. A deviation is considered acceptable if Messe Muenchen Shanghai Co., Ltd. does not receive the exhibitor's rejection of the assignment of the stand area within one week. If an exhibitor rejects a stand area in writing before the above mentioned deadline and the assigned stand area is unacceptable for the exhibitor, the exhibitor can demand that Messe Muenchen Shanghai Co., Ltd. assign him an acceptable stand area. If Messe Muenchen Shanghai Co., Ltd. does not comply with the demand within an appropriate time period, the exhibitor can withdraw from the contract. The exhibitor does not have any further rights.

The allocation of the other stands, in particular of neighboring stands, can be changed by Messe Muenchen Shanghai Co., Ltd. before the trade fair opens. Messe Muenchen Shanghai Co., Ltd. is also entitled to relocate or close entrances to and exits from the trade fair grounds and halls, and to make other structural alterations. Exhibitors cannot make claims against Messe Muenchen Shanghai Co., Ltd. because of such changes.

Messe Muenchen Shanghai Co., Ltd. may also subsequently, i.e. after the rental contract and the stand assignment have come into force, change space allocations, including but not limited to change the location, type, dimensions and size of the exhibition area rented by the exhibitor, insofar as this is necessary for reasons of safety or public order, or because the trade fair is oversubscribed and further exhibitors must be admitted or because changes in assignments of exhibition space ensure that the facilities and space required for the trade fair are used more efficiently. Should such subsequent changes result in a lower participation fee, the difference in amount without interest will be refunded to the exhibitor. Further claims against Messe Muenchen Shanghai Co., Ltd. are excluded. If exhibitors cannot use their stand space or are impaired in the use of their stand because they have infringed legal or official regulations or the Terms of Participation or Exhibitor Manual, they are nevertheless obliged to pay the participation fee in full and to pay Messe Muenchen Shanghai Co., Ltd. compensation for all damage caused by themselves, their legal representatives or employees; exhibitors are not entitled to cancel or terminate the contract unless the law specifically entitles them to do so.

The exhibitor's reservations, conditions, and particular wishes (e.g. regarding location, exclusion of competitors, stand construction or design) will be taken into account only if expressly confirmed in the notice of admission. Space will be allocated according to Messe Muenchen Shanghai Co., Ltd.'s requirements and the prevailing conditions, and in accordance with the classification system for the trade fair as applied by Messe Muenchen Shanghai Co., Ltd. at its own discretion, and not according to the order in which applications are received.

Exhibitors do not have a legal claim to admission unless such a claim exists by law. Exhibitors who have not fulfilled their financial obligations to Messe Muenchen Shanghai Co., Ltd., e.g., in respect of previous events, or have infringed the regulations governing the use of the event grounds, or the terms of participation, may be excluded from admission. Otherwise, apart from the statutory rights to withdraw from the contract, the exhibitor has no right to withdraw from this contract. If the exhibitor states that he is withdrawing from the contract, this means – regardless whether he has the right to withdraw from the contract or not - that he is renouncing once and for all his intention to take part in the trade fair. If the exhibitor states that he is withdrawing from the contract and thus renounces once and for all his intention to take part in the trade fair, Messe Muenchen Shanghai Co., Ltd. is entitled to re-let the stand area or use it itself without being obliged to do so, even if the exhibitor has no right to withdraw from the contract. **The exhibitor shall not have any further rights due to the fact that the exhibition space is rented to others or used in another way If the exhibitor withdraws the contract after acknowledgement is issued, the first payment shall not be refunded. If the exhibitor withdraws the contract within 2 months before the show, 100% of the actual participation fee shall be charged. The exhibitor is obliged to make up the balance of the penalty if the exhibitor fails to fully make such first payment or total participation fee when the contact is cancelled.**

In the aforementioned cases Messe Muenchen Shanghai Co., Ltd. is entitled not only to withdraw from the contract but also to demand from the exhibitor 100% participation fee as flat-rate compensation. Messe Muenchen Shanghai Co., Ltd.'s right to claim further damages remains unaffected.

Special Terms of Participation – Laser Product Demonstration Safety Requirements

Each exhibitor is obliged to register the operation of laser devices during show period with the respective form of the Exhibitor Manual.

1 Laser hazardous level

Class 1, Class 1M, Class 2, Class 2M, Class 3R, Class 3B, Class 4.

Each laser product should be correctly classified according to IEC/EN 60825-1:2007 or equivalent laser standard, the laser hazardous level should be shown on product or package.

2 Laser product information

Each laser product should clearly show below information according to IEC/EN 60825-1:2007 or equivalent laser standard:

Laser class

Wavelength (visible, invisible)

Maximum output power

Working mode (CW,Pulse, Scanning)

Laser aperture (applicable to Class 3B and Class 4 laser)

Laser standard and version

Warning label

3 Laser product engineering requirements

Protective housing: Each laser product shall have a protective housing which, when in place, prevents human access to laser radiation (including errant laser radiation) in excess of the AEL for Class 1, except when human access is necessary for the performance of the function (s) of the product

Access panels and safety interlocks: A safety interlock shall be provided for access panels of protective housings if laser emission marked with "X" is accessible in below table:

Product class	Accessible emission during or after removal of access panel				
	1,1M	2,2M	3R	3B	4
1,1M	-	-	×	×	×
2,2M	-	-	×	×	×
3R	-	-	-	×	×
3B	-	-	-	×	×
4	-	-	-	×	×

Remote interlock connector: Each Class 3B and Class 4 laser system shall have a remote interlock connector. When the terminals of the connector are open-circuited, the accessible radiation shall not exceed the AEL for Class 1M or Class 2M as applicable.

Manual reset: Class 4 laser must have a manual reset. Key control: Each Class 4 laser system shall incorporate a manual reset to enable resumption of accessible Class 4 laser radiation emission after interruption of emission caused by the use of the remote interlock connector or an interruption of longer than 5 s of electrical mains power.

Laser radiation warning: Each Class 3R laser system in the wavelength range below 400 nm and above 700 nm and each Class 3B and Class 4 laser system shall have audible or visible warning; Each operational control and laser aperture that can be separated by 2 m or more from a radiation warning device shall itself be provided with a radiation warning device; Where the laser emission may be distributed through more than one output aperture, then a visible warning device shall clearly indicate the output aperture or apertures through which laser emission can occur.

Beam stop or attenuator: Each Class 3B and Class 4 laser system shall incorporate one or more permanently attached means of attenuation (e. g., beam stop, attenuator, switch). The beam stop or attenuator shall be capable of preventing human access to laser radiation in excess of the AEL for Class 1M or Class 2M as applicable.

Viewing optics: Any viewing optics, viewport or display screen incorporated in a laser product shall provide sufficient attenuation to prevent human access to laser radiation in excess of the AEL for Class 1M.

Personal protection: Any laser product should provide sufficient protection (e.g. laser protective glasses), or training (e.g. demonstration laser safety knowledge) to protect people from laser radiation hazards.

Protection against other hazards: electrical hazards, excessive temperature, spread of fire from the equipment, sound and ultrasonic, harmful substances and explosion.

4 Installation

Class 3B and Class 4 laser products shall be installed by people with sufficient laser safety knowledge.

The installation shall strictly follow its design and demonstrate requirement and ensure a stable construction. Any temporary movement or structure change is not allowed during the demonstration.

5 Other items

Laser working area limit: high power laser welding or cutting equipment shall provide a protective housing (metal or glass) that can limit the access of Class 3B or Class 4 laser emission and possible reflected or scattered emission.

Laser component: Any laser component with greater than Class 2 laser emission shall not position the beam to other areas (e.g. floor, ceiling, wall) and shall not position to any people. High power laser shall be equipped with professional beam stop or attenuator.

Each laser demonstration site shall have one laser safety officer (LSO) to monitor the whole demonstration.

6 On-site laser safety inspection

The third-party testing agency will be authorized to perform on-site laser safety inspection, including product classification, label, engineering requirements, demonstration safety, etc. Any non-conformity to above laser safety requirements will be reported to Messe Muenchen Shanghai Co., Ltd. and Messe Muenchen Shanghai Co., Ltd. reserves the right to ask exhibitors to enhance the protection measures or stop the demonstration. In serious case, Messe Muenchen Shanghai Co., Ltd. keeps the right to cut off the power supply as well as deduct the General Management Deposit of the booth.
